OXBRIDGE SUCCESS

Second-year students at The Sixth Form Bolton have been delighted to hear back from their university applications recently with a number of students receiving offers from highly prestigious universities.

Inioluwa Eniola, a former Sharples School student, who studies A Level Chemistry, Mathematics, Further Mathematics and Physics alongside the Extended Project Qualification at The Sixth Form, has secured an offer from Mansfield College at Oxford University to study Mechanical Engineering.

Inioluwa said:

"I'm really happy to have received my offer from Oxford! I went to the UNIQ summer residential there and knew that it was somewhere I'd love to study. I was drawn to The Sixth Form because of its reputation for academic excellence and the supportive environment provided by both the teaching and non-teaching staff. I was confident that I would be surrounded by fellow students who would challenge me intellectually and help me grow both academically and personally."

We wish Inioluwa the best of luck in his A Levels and look forward to sharing in his success on results day!

AMAZING APPRENTICESHIP PROGRESSION

A second-year Sixth Form Bolton student was over the moon to find out that she's been selected for an AAT Level 4 & ACA qualification apprenticeship with the prestigious KPMG.

Former Essa Academy student, Riza Patel, currently studies A level Accounting, Business Studies and Economics and is a member of The Sixth Form's bespoke Apprenticeship Academy. Riza was delighted to receive her offer from KPMG, a multinational professional services network, and one of the Big Four accounting organisations.

The Sixth Form Apprenticeship Academy supports second-year students who wish to secure higher and degree level apprenticeships after sixth form. The programme helps students to understand the competitive recruitment process and learn how to write strong applications and master interviews, with the goal of securing a highly competitive apprenticeship. We really do have amazing success!

PERFORMING ARTS GO ON TOUR

First-year Diploma in Performing Arts students have been working in close partnership with The Harmony Youth Project and Mothers Against Violence UK to create a powerful performance highlighting the issue of knife crime within the local community.

Following a successful tour to schools across Bolton, where valuable feedback was gathered, the production is now entering its next phase of development. This summer, the enhanced performance will be filmed, with the final footage set to serve as a vital educational resource. Both organisations will use the material in schools to support their ongoing efforts to raise awareness about the serious risks and consequences of carrying knives. Well done to our amazing performing arts students!
